

INVITATION TO SPONSOR 2023

Hope Parade

A Walk in Support of NICU Families

Sunday, November 5, 2023

Walk together. Play together. Pass hope together.

Let's Kick off World Prematurity Month together! Join us to celebrate families who have had a NICU baby, honor those babies who did not survive, connect with members of our South Florida community and raise awareness about the support ICU baby offers.

We are thrilled to invite you to be a part of our annual community walk, the Hope Parade, which kicks off World Prematurity Month in November. NICU babies of every age, along with their families, walk, roll, or "stroller" in solidarity, passing hope to current NICU families. Last year's event witnessed nearly 1,000 participants in only our second year. This year, we aim to unite even more compassionate community members who care deeply about families experiencing the challenging journey of having their newborns hospitalized due to prematurity or critical illness.

The tremendous support of our ICU baby community, including families, volunteers, community partners, and donors, has been the driving force behind our hospital programs year after year. The Hope Parade has quickly become a cherished Miami tradition, dedicated to honoring, and celebrating NICU journeys while raising crucial funds to support our work.

As a sponsor, you will have the opportunity to showcase your support to families, friends, and healthcare teams. Together, let's create a moving and memorable morning that celebrates resilience, hope, and community strength. We truly cannot hold this event without the generous contributions of partners like you.

Thank you for your kind consideration and support.

With warm regards,

Elizabeth Simonton

ABOUT ICU BABY

ICU baby is the largest nonprofit organization in Florida that supports families with a baby in the NICU. Our mission is to unite NICU families and provide them with emotional, financial and informational support so that families and babies can thrive in the NICU.

Since being founded in 2014, we have supported over 5,000 families whose newborn was cared for in the NICUs of UM/Jackson Memorial's Holtz Children's Hospital and Baptist Health System's South Miami Hospital. This year, we will expand programming to 3 additional hospitals including Nicklaus Children's Hospital, Mt. Sinai Medical Center and Florida University Hospital.

What makes the Hope Parade so special?

ICU baby's NICU families are incredibly grateful for the support we offered them during the toughest hours with their baby. They show their appreciation and loyalty by supporting us at the Hope Parade.

Families can't wait to see the members of their baby's healthcare team, other NICU families and the ICU baby Parent Mentors who held their hands, offering guidance, resources and compassion throughout their NICU journey.

Our common goal of this community event is to raise awareness and money for current NICU families who need the support of ICU baby now.
